This Sunday will see a spic and span St Mary's church after Saturday's working Bee – thank you for all involved from 1pm on the 9<sup>th</sup>! The documentary “The Great Climate Change Swindle” that was shown at church on Wednesday night had a good attendance with interesting conversations over the supper afterwards. Over half the people who came were from the village who heard of it by word of mouth. Some had a scientific or journalistic backgrounds. The general consensus of those present was that we are not being told the truth about “climate change” – and that it is a natural occurrence that people have not and cannot influence. If you couldn't make it to the viewing and you want the link to the documentary, or to share it around, just ask me and I will email it to you. God bless, David
